## Manufacturer's declaration of CE-conformity

on adherence to the interference emission and  
interference resistance requirements

Product: laser distance measuring instrument

Types: (LE-50 and LE-200 "STABILA" version)

Operating data: nominal voltage: 3 V DC  
optical output power:  $\leq 1\text{mW}$  (laser class2)

Applied standards: Interference emission: EN 50022; 1998  
Interference resistance: IEC 61000-4-2; 2001  
IEC 61000-4-3; 2002  
IEC 61000-4-8; 2001  
Safety of laser products: EN 60825-1; 2003

Testing conditions: see above described standards
