Manufacturer's declaration of CE-conformity

on adherence to the interference emission and
interference resistance requirements

Product: Handheld receiver for measuring a modulated laser line

Types: Receiver REC 210 Line

Operating data: nominal voltage: 3 V DC (2 * AA batteries)

Applied standards: Electromagnetic compatibility (EMC) EN 61326;
Interference emission: EN 50022;
Interference resistance: EN 61000-4-2;
EN 61000-4-3;
EN 61000-4-8

Testing conditions: see above described standards

Signed: Dipl.Ing.(FH) Daniel Busam
